One of the primary goals of this Java book is to prepare students for the AP test. Another is to prepare for competition...and in the process, learn Java. Over the years, I have seen such competition make a significant difference in the lives of many students. If a teacher is not gentle in this approach to competition you can easily "burn-out" students....especially if you continually bombard ...

Deer live in a variety of biomes, ranging from tundra to the tropical rainforest. While often associated with forests, many deer are ecotone species that live in transitional areas between forests and thickets (for cover) and prairie and savanna (open space). The majority of large deer species inhabit temperate mixed deciduous forest, mountain mixed coniferous forest, tropical seasonal/dry ...

The Age of Discovery, or the Age of Exploration (approximately from the beginning of the 15th century until the end of the 18th century), is an informal and loosely defined term for the period in European history in which extensive overseas exploration emerged as a powerful factor in European culture and which was the beginning of globalization. It also marks the rise of the period of ...
