Shape of the Australian Curriculum: Mathematics

The National Curriculum was introduced into England, Wales and Northern Ireland as a nationwide curriculum for primary and secondary state schools following the Education Reform Act 1988. Notwithstanding its name, it does not apply to independent schools, which may set their own curricula, but it ensures that state schools of all local education authorities have a common curriculum.

Curriculum Theory (CT) is an academic discipline devoted to examining and shaping educational curricula. There are many interpretations of CT, being as narrow as the dynamics of the learning process of one child in a classroom to the lifelong learning path an individual takes. CT can be approached from the educational, philosophical, psychological and sociological perspectives.
