A refrigerator death is death by suffocation in a refrigerator or similar appliance such as a freezer. Because, by design, such appliances are air-tight when closed, a person trapped inside will have a limited supply of oxygen. Early refrigerators could only be opened from the outside, making accidental trappings a possibility, particularly of children playing with discarded appliances; several ...

Seems that one of the most popular questions we get is what happens with my reverse mortgage and my home after death. After all, the reverse mortgage is intended to be the last loan that borrowers will ever need, so this is a question many Mature Americans and their heirs have on their minds. If they do get a reverse mortgage and it does enable them to live in their homes without paying a ...
