the adventures of fafhrd pdf

Fafhrd and the Gray Mouser are two sword-and-sorcery heroes appearing in stories written by American author Fritz Leiber. They are the protagonists of what are probably Leiber's best-known stories. One of his motives in writing them was to have a couple of fantasy heroes closer to true human nature than the likes of Howard's Conan the Barbarian or Burroughs's Tarzan.

A wererat is a therianthrope creature in the shape of a rat. The term is a neologism coined in analogy to werewolf, used in the fantasy or horror genre since the 1970s. The concept has since become common in role playing games and fantasy fiction inspired by them. Were-rats are commonly portrayed as sewer-dwelling scavengers and opportunistic thieves.
